MAJOR CONTRIBUTION

The Special Operations Forces Memorial was made possible through the significant donations collected by the Special Operations Memorial Foundation, Inc. In recognition of the major contributions to the Special Operations Forces Memorial, contributors are identified by engravings in a reserved section of the Memorial. As demonstrated on our website, the contribution levels of the major contributors are identified by the number of spear-heads (taken from the USSOCOM logo) at the head of respective columns of names on the Memorial:

One Spear-head	\$1,000 contribution
Two Spear-heads	\$2,500 contribution
Three Spear-heads	\$5,000 contribution
Four Spear-heads	\$10,000 contribution
Five Spear-heads	\$25,000 contribution

Donations may be provided as a single donation or cumulative over time. Engravings will be adjusted to reflect the current level of contribution(s).

Major contributors are identified within a single line or two lines of verbiage as identified by the major contributor. Examples of major contributions are located on our web site, and may be accessed by selecting 'Directory' at the upper left side of our Home Page. This is followed by a green selection panel allowing access to individual names via the alphabetical listing, access to numbered units by selecting '#' following the alphabetical list; Medal of Honor and Victoria Cross recipients and Major Contributors (by number of spear-heads) by scrolling down the green selection panel.
